Kid Contract at Blue Skies Inn

(A contract will be provided at check-in, or you may print this form and present it at check-in to save time.)

Since it's a special privilege to be a child guest at a B&B, we ask that parents review the following rules with their children. Both parents and children are requested to sign our agreement. When parents and children follow our rules, we are assured that all guests at our inn will have a pleasant time. If children do not respect other guests by following our rules, we reserve the right to ask that they and their family leave without reimbursement of room tariff.

We ask that you inform us of children who are still bed wetting so that we may protect our mattresses accordingly. Mattress damage will be assessed under our Damage Policy.

Minor children (18 years. or younger) may not be left at the inn without having a parent present. (No babysitters allowed at the inn.) If a sister or brother is left in charge, that sibling must be over 18 years old, have a valid driver's license and a car present in our parking lot.

Children must be within eyesight of parent(s) at all times.
